Dear Mr. Baroni

It is with great pleasure that I write to you today to recommend Caroline Stover for an architect position within the Port Authority of New Jersey and New York. She has both the technical wherewithal and the project experience necessary and desired for such a job.

Throughout her career, Caroline has worked in a variety of architectural settings where she was a key team-player in renovating and expanding large scale buildings. She has developed and maintained professional clientele relationships because of her reputation as an efficient project manager. Caroline's experience has allowed her to employ skills such as digital and physical archiving, generating architectural drawings independently, and surveying for planned construction projects.

In addition to her professional work, Caroline has been a stalwart for her local community. She has been a volunteer for the Center for Architecture Foundation, Greenwich Village Society for Historic Preservation and Architecture for Humanity, New York where Caroline has mentored elementary students about the field of architecture. I believe her professional experience and passion for architecture will serve her well in a new role as a Port Authority employee.

Enclosed please find a copy of Caroline's professional resume. Please feel free to contact my office if you have any questions regarding my recommendation.

Sincerely,

Linda R. Greenstein

Dear Mr. Baroni:

It is with great pleasure that I recommend Mr. James Abbott for the position of Captain with the Port Authority of NY and NJ. I had the privilege of working closely with Mr. Abbott through his role as Chief of Police for the Township of West Orange, where I served as mayor for twelve years.

Please find attached Chief Abbott's curriculum vitae, which details his extensive experience in providing law enforcement management to a highly diverse community. During his tenure, he has dramatically reduced the municipal crime rate, increased minority recruitment to the force and met public safety objectives for the community while consistently operating under budget.

His relationships with law enforcement agencies at all levels of government improved the effectiveness of the local force and led to the awarding of numerous competitive grants to the department. Chief Abbott also provided invaluable security advice as the Township developed a \$300 million downtown redevelopment plan. In all my work with Chief Abbott, I found him to be a consummate professional and a dedicated public servant. I know that you would find him to be equally valuable to the Port Authority and I recommend him highly for the position of Captain.

Thank you for your consideration and please do not hesitate to contact me should you wish to discuss his qualifications at greater length.

Very truly yours,

J.F.M.

Dear Mr. Baroni:

I write to support the candidacy of Mr. Christopher M. Holleran for a position with the Inspector General's Office at the Port Authority of New York/New Jersey. His long history of professional achievement and dedication to serving the public make him an ideal candidate for a position with the office.

Mr. Holleran began his service to the State of New Jersey and our country as a Corporal in the United States Marine Corps Reserve. After attaining the position of Communications Chief, he went on to clerk for a large New Jersey law firm while earning his bachelor's degree as an evening student.

He spent the last 20 years developing expertise as an investigator, first with the Morris County Prosecutor's Office and, most recently, with the New Jersey Manufacturer's Insurance Company.

Surely Mr. Holleran would be a strong addition to your team. Please give him every consideration as you consider your future staffing needs. Should you wish to discuss his abilities in greater detail, please do not hesitate to contact me.

Very truly yours,
